StrangeLove[®]

Strangelove are a range of locally produced soda's with a difference. The concept conceived by Stafford Fox & James Bruce (yes their real names) was to produce soft drinks with bold flavors made from the best organic fruits, plants and spices. More ethically produced and a healthier alternative to the norm, Strangelove is made right here in Victoria! The absence of (or minimal) added sugar is a significant point of difference. We use these products as mixers for both spirits and cocktails but are deliciously refreshing on their own.
